## Letter of Satisfaction

German National Tourist Organisation (GNTO) invited Mr. Karol Werner, who runs a travel blog [www.kolemsietoczy.pl](http://www.kolemsietoczy.pl), to run a bicycle study tour through Saxony Wine Trail ("Sächsische Weinstraße") in June 2015 r. and asked him to report on it at the blog and in his social media channels.

Mr Karol Werner had strong organization skills, was self-contained when planning his route and was very dedicated to deliver expected results of collaboration. His blog posts were read by over 28,000 people. Facebook updates gathered over 1,500 likes and comments on blogger's fanpage and a similar number on the profile of GNTO ("Niemcy-cel podróży"). His amazing pictures were liked over 11,000 times on Instagram. As a result of collaboration Mr Werner delivered high-quality pictures to be used by GNTO. They were already published in magazine "Wino".

I highly recommend partnership with Mr Karol Werner. I'm sure you will value his professional approach to running his travel blog.

Best regards,  
Tomasz Pędzik
